Champagnat Global is aimed at the international Marist school community.

Teachers, students, families, Marist Brothers, principals, are the main addressees and protagonists of the Marist Global Schools Network.

Objective of the network

The aim of the aim of Champagnat Global is to strengthen Marist education and the values that inspire it: presence, simplicity, family spirit, love of work and following the model of Mary, through the collaborative involvement of the whole international Marist school community.

What does the network offer?

The Network offers a meeting point for the whole Marist school community to have the opportunity to meet globally and to promote activities of interest, which promote educational quality, connection, exchange, innovation and technology, evangelisation and social transformation.

It is the place to begin to make a situation a reality:

- Cultivating Marist identity and sense of belonging.
- To join experiences and best practices.

- Encourage exchange among the members of the school community.
- Carrying out international academic projects.
